Subject: Native American Indian Schools: Dissemination of Dietary and Other Program Guidance

To: STATE AGENCY DIRECTORS - Colorado ED, Iowa, Kansas, Missouri ED,
(Special Nutrition Programs) Montana OPI, Nebraska ED, North Dakota,
South Dakota, Utah, Wyoming ED

The Indian Health Service has an on-going concern that dietary guidance for the Food and Nutrition Service's child nutrition programs reach participating Bureau of Indian Affairs (BIA) schools and schools on reservations serving Native American children. The Department wishes to emphasize the importance of ensuring that child nutrition dietary guidance and other program materials are transmitted to schools serving Native American children, whether BIA schools participating in the National School Lunch Program and/or School Breakfast Program(s) or Program schools on Indian reservations.

Please contact our office if you have any questions or desire further information.
